A Senior User Experience Designer with over six years of experience, based in Chennai, I am transitioning into a Product Designer role. My expertise lies in User Interface design, and I am currently enhancing my skills in interaction design and core UX to create intuitive, user-centered digital experiences

Experience

May 2022 - Present

Senior UX designer @Accenture, Chennai

Started as a Junior Designer, focusing on understanding client problems and crafting effective solutions. Designed end-to-end wireframes — from low to high fidelity — with a strong focus on user needs and visual consistency. Built and scaled a custom design system from the ground up to support product growth and streamline the design process

May 2019 - May 2022

Front-end developer & UX designer @TCS, Chennai

As a fresher, I focused primarily on front-end development. I used code wherever possible to enhance user-friendliness and maintain consistency, ensuring the application remained intuitive and easy to use.
